Immunotherapy

Leeds Cancer Centre

Please carry this card with you and show it to the doctor or nurse if you need medical attention so they can ensure you get the most appropriate care

Patient details

Name:

Treatment Regimen:

.....

Consultant:

D.O.B:/...../.....

Unit Number:

Treatment Area:

Contact the **Leeds Cancer Centre** immediately if you experience any of the side-effects stated on your Specific Drug Alert Card especially if you develop **diarrhoea, a new or worsening cough, or shortness of breath**. Be aware the side-effects may happen many months after having immunotherapy treatment.

Important information for health professionals

This patient may be at risk of severe adverse immune response to their immunotherapy treatment. This may start up to 24 months after having treatment. Please ask to see the patients Specific Drug Alert Card, and contact St James's University Hospital on the numbers overleaf for advice.

If you have received your treatment on:

J80 Day Case Unit: call **(0113) 206 9180** Mon to Fri
8am - 6.30pm. Weekends and bank holidays contact
St James's University Hospital **(0113) 243 3144** - ask for
the Oncology Bleepholder.

If you received **inpatient treatment** please contact the
relevant ward: **J88: (0113) 206 9188,**
 J89: (0113) 206 9189
 J94: (0113) 206 9194

If your closest hospital is not St James's you may be
advised to attend your local hospital emergency
department for urgent treatment.
