You are in Hospital.

You are poorly but you are safe here.

You are in a hospital bed.

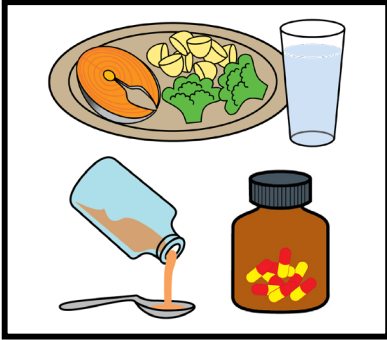

People will look after you in this bed.

They want to make you feel better.

Doctors and Nurses will look after you, other staff will too.

They will give you food and drink.

They will help with your medicine and care.

We can talk to your family or carers for you if you want us to.

Please tell us if you want us to call them.
