

The Leeds Specialist Germ Cell Service

Information for patients

How your care is planned

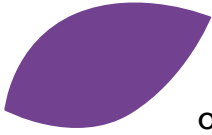

Your treatment is planned by a group of health professionals who are specialists within the field of testicular cancer. This group is known as the Multi-disciplinary Team (MDT).

The MDT meet together on a Friday lunch-time to discuss and plan your treatment.

The MDT comprise of the following staff:

- Consultant Oncologist - Clinical/Medical
- Consultant Surgeon
- Consultant Histopathologist
- Consultant Radiologist
- Clinical Nurse Specialist
- Research Nurses
- MDT Co-ordinator

The role of the MDT is to provide a high standard of patient care. Following each meeting information about your diagnosis and treatment options, is documented in your notes and on our computer records.

This information is discussed with you at your clinic appointment, at which we encourage you to ask any questions or raise any concerns about your treatment and care.

You will also be provided with written information about your diagnosis and treatment plan.

Key Workers

To provide continuing information and support for you during your treatment you will be offered a Key Worker. The role of the key worker is to provide continuity and co-ordinate care.

Your key worker is:
