

Bioequivalent medicines

Information for patients

Easy Read

easy read

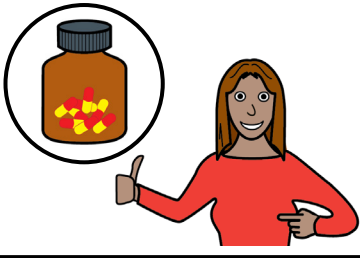

This booklet uses easy words and pictures.

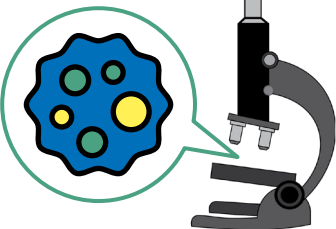

You might want to ask someone to help you read it.

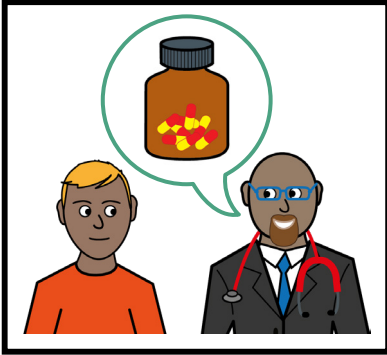

Your doctor might suggest you start using a biologic medicine.

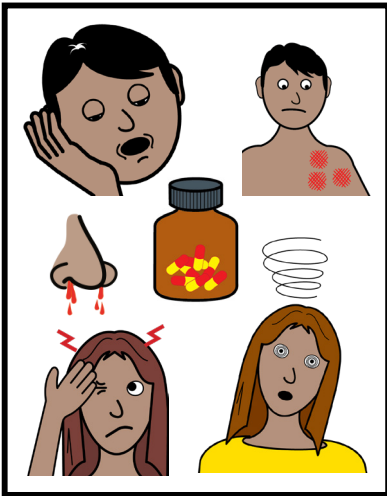

We use biologic medicines for a lot of different diseases.

They are made from living cells.

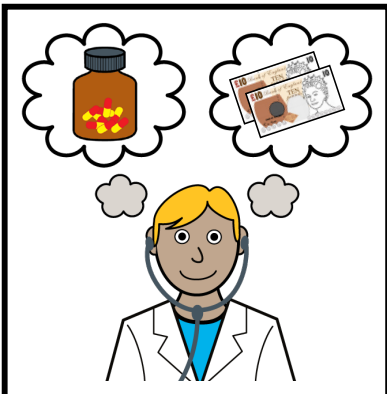

Your doctor will explain how it works and how you will be treated.

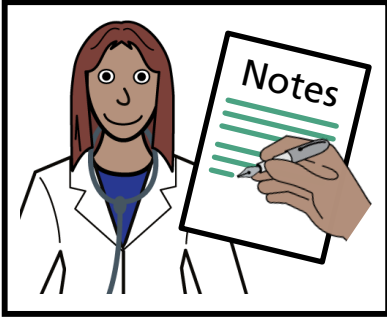

Your doctor will explain what to do about any side effects.

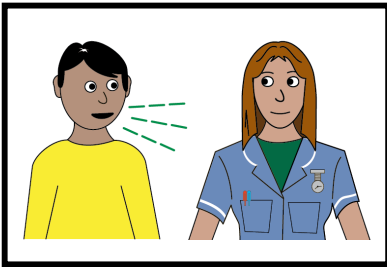

Some people don't get any. Some people do.

The hospital will use the best value brand. We won't ask you each time we use a different brand.

We will write down what you have been given.

Talk to your doctor or nurse if you have any questions or are worried.

Write any contact details here:

Four horizontal dashed lines for writing contact details.
