This booklet uses easy words and pictures.

You might want to ask someone to help you read it.

This booklet is about having an MRI scan.

An MRI scan takes pictures of the inside of your body.

MRI scanner

The scanner looks like a big box with a hole in it. It has a special bed for you to lie on.

does not hurt

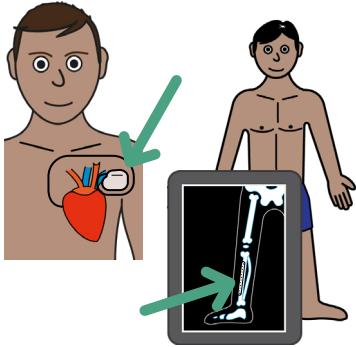

The MRI scan does not hurt and is not bad for you.

no jewellery

You can't wear any jewellery when having an MRI Scan.

pacemaker or metal in body

bed moves into scanner

noisy

Let the staff know if you have a cardiac pacemaker or any metal work inside your body.

The bed you lay on will move into the scanner. The scanner is not very big.

The MRI is very noisy.

music
