

Long Term Follow Up Holistic Needs Assessment

Information for patients

The Long Term Follow Up Team invite you to complete a Holistic Needs Assessment. This helps us to understand what is important to you and how we may be best placed to help.

We ask you to complete a form to help identify any concerns you may have. Completing this prior to your appointment helps ensure that the conversation we have is about the things that are important to you

The Long Term Follow Up Team can send you the Holistic Needs Assessment form via text message, allowing you to complete this on your phone and return to us prior to your appointment.

You will receive a text message before your appointment with a link to the form which you open and complete. On completing and returning the form it will be stored confidentially and securely in your records.

If you would prefer to complete a paper copy, these will continue to be provided.

Any clinical issues should continue to be directed to the Long Term Follow Up Clinical Nurse Specialists:

- Telephone: **0113 206 8959**

Any appointment queries should continue to be directed to the Long Term Follow Up Administrative Coordinators:
